

BHEEMARAYA

Angular developer | Frontend Developer | Full stack Developer

Ph.:91-7406604654

@bheemuk123@gmail.com

Website: <https://bheemaraya.onrender.com>

STRENGTHS

-  **Coding Expert**
Proficient in HTML, CSS, JS
Angular
-  **Problem Solver**
Innovative approach to
challenges
-  **Team Player**
Excellent collaboration skills

SKILLS

HTML	CSS	JavaScript
Responsive Design		Angular
Typescript	GIT	Java
Node.js	MySQL	MongoDB
SCSS	Bootstrap	
Performance Optimization		

AWARDS/RECOGNITIONS

-  **Recognized by Tech Lead**
For consistently delivering outstanding
performance, inspiring through hard work
and dedication.
-  **Elevate Wings Program Recognition**
Acknowledged for significant contributions
and achievements in the Elevate Wings
Program,

EDUCATION

-  **Bachelor of Engineering in Mechanical Engg.**
Sir M Visvesvaraya institute of technology
Bangalore
Sept 2018 – July 2021 CGPA: 7.4
-  **Diploma in Mechanical Engg.**
Govt. polytechnic Kalgi
July 2015 – June 2018 67.47%
-  **SSLC**
Govt. High School Kollur
June 2014 – April 2015 77.44%

SUMMARY

Experienced Front-End Developer with 2 years in web application development. Proficient in HTML, CSS, and JavaScript, dedicated to creating user-friendly and visually appealing interfaces.

Collaborative team player with a commitment to delivering high-quality solutions. Seeking opportunities to contribute technical skills and creativity to a dynamic development team.

PROFESSIONAL EXPERIENCE

Frontend Developer

Tata Consultancy Services

📅 2022 - Present 📍 Bangalore, India

Developer

- Independently developed two pivotal sub-modules, significantly enhancing the Project's functionality and contributing to its overall success.
- Utilized a robust tech stack, including HTML, CSS, Typescript, SCSS, Angular Material, and NgRx, to create elegant and responsive user interfaces for an enhanced user experience.
- Managed versioning processes to seamlessly integrate new features and enhancements, ensuring the continuous improvement of the application.
- Implemented modern design principles using Angular Material, resulting in a visually appealing and intuitive interface.
- Contributed to the implementation of state management using NgRx, ensuring a scalable and maintainable architecture for the application.
- Demonstrated a commitment to delivering high-quality code, working independently on complex modules, and consistently meeting project deadlines.

PROJECTS

CHESS GAME

[HTML/CSS](#), [JAVASCRIPT](#), [GIT](#), [RENDER.COM](#)

- Developed a fully interactive and responsive chessboard, allowing users to make moves seamlessly.
- Implemented robust logic for each chess piece, ensuring accurate and rule-compliant movement on the board.
- Incorporated logic to detect check and checkmate scenarios, enhancing the game's authenticity and challenge.
- Utilized JavaScript event handling to capture user inputs, facilitating smooth gameplay interactions.
- Created the chess game as part of a learning exercise to reinforce HTML, CSS, and JavaScript skills in a practical, hands-on way

RECIPE MANAGEMENT APP

[HTML/CSS](#), [BOOTSTRAP](#), [ANGULAR](#), [NODE.JS](#) [GIT](#), [VERCEL](#) AND [RENDER.COM](#)

- Integrated the Spoonacular API to fetch detailed recipe information,
- Leveraged the Spoonacular API for dynamic recipe search functionality, allowing users to explore a vast database of recipes based on diverse criteria.
- Integrated Spoonacular data into the favorites feature, enabling users to add Spoonacular recipes to their personalized collection.
- Employed a full-stack technology stack, encompassing front-end technologies (HTML, CSS, JavaScript) and back-end technologies (Node.js, MongoDB), showcasing versatility in application development.
